TOWN WARRANT 1977
TOWN OF GOSHEN
State of New Hampshire

The Polls will be open from 1:00 P.M. to 7:00 P.M.

You are hereby notified to meet at Goshen Town Hall in said Goshen on Tuesday, the Eighth day of March, next at One of the clock in the afternoon to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To see if the Town will adopt the proposals of the Goshen Planning Board included on the official ballot.
3. To receive the reports of the Town Officers and take action thereon.
4. To see if the Town will vote to have the Board of Selectmen appoint the Road Agent, beginning in March, 1978.
5. To see if the Town will vote to amend the Goshen Building codes of 1964 (as amended) as follows:
 - A. By striking from article 3 the following sentence: "A fee of ten dollars (\$10.00) shall be paid for all habitable building permits issued."
 - B. By adding to article 3 the following wording:

"3b. Fees for building permits shall be as follows:

 1. Permit fee for a habitable building - \$25.00
 2. Permit fee for non-habitable building over 100 square feet in floor space - \$10.00
 3. Permit fees for all other structures - \$5.00"
6. To see if the Town wishes to have an ordinance regarding the year round restraint of dogs.
7. To see if the Town will vote to discontinue and abandon the Mummery Road from the former Richmond Place to the Unity Town line. (The road is now closed subject to gates and bars.)
8. To see if the town will authorize the Selectmen to sell land acquired through tax sale.
9. To see if the Town will vote to adopt the provisions of Chapter 36:7-a RSA to have three alternate members to the Planning Board.

AUDITORS REPORT — REVENUE SHARING FUNDS

Following the instructions of the New Hampshire Department of Revenue Administration, Municipal Services Division, I have examined the accounts and records of the Revenue Sharing Fund of the Town of Goshen for the Fiscal Year ending December 31, 1976.

I have found that all required records have been kept in good order, correctly documenting receipts and expenditures under this program. I have further satisfied myself that expenditures made are within the Federal Guidelines for this program.

I have filed a report to this effect with the New Hampshire Department of Revenue Administration. A copy of this report is being filed with you for your information and public examination.

Sincerely,

Arthur G. Jillette Jr., Auditor
January 27, 1977

AUDITOR'S REPORT — TOWN FUNDS

Following the instructions of the New Hampshire Department of Revenue Administration, Municipal Services Division, I have examined the records, ledgers and accounts of the Tax Collector, Town Clerk, Board of Selectmen and Trustees of the Trust Fund for the Fiscal Year ending December 31, 1976. I have found the records to be balanced and in good order, accurately reflecting and accounting for receipt and disbursement of town funds.

I have filed with the New Hampshire Department of Revenue Administration a report attesting to the above fact. A copy of this report is being filed with you for your information and public examination.

Sincerely,

Arthur G. Jillette, Jr.
Auditor
February 16, 1976

POLICE REPORT

1976 was a fatality free year in spite of many motor vehicle accidents. I have been able to set up radar speed checks several times during the year, with the hopes of cutting down the number of vehicles constantly speeding through the center of town.

A General Electric portable transmitter was purchased with the aid of a grant from the LEAA. Several smaller pieces of equipment were also added to the department.

BUILDING INSPECTOR'S REPORT

Permits have been granted during 1976 for the building of:

3 signs	8 new homes
4 mobile homes	4 garages
2 expansions of business	2 porches
4 house additions	1 barn

OLIVE G. PETTIS LIBRARY TRUSTEE'S REPORT FOR 1976

The Olive G. Pettis Library has undergone a few changes during the past year. Mrs. Ruth LeClair, librarian, resigned July 1st, and Mrs. Martha Nelson became the librarian. Physican changes were also made in the library. Two stacks were relocated, giving added space.

The trustees have met regularly at the library. The Friends of the Library and the Goshen Historical Society have also held their meetings there as in the past.

Food sales to raise money for a set of Encyclopedias were held at the building, sometimes on the lawn and sometimes in the building itself. These were sponsored by the Friends of the Library with Mrs. Le Clair as chairman. Enough money was raised through their effort with the support of the townspeople to purchase a set of "Encyclopedia International" which Mrs. Martha Nelson has chosen.

Open House, to introduce Mrs. Doris N. Newman's book of poetry "Evensong", was held in October, and the "Supplement to the Goshen History" was introduced at another Open House in early December. Two copies of the "Supplement" have been presented to the library by the Goshen Historical Society.

The Friends of the Library purchased new drapes for the windows and new locks for the door. They also held the annual Book Fair again this year at the library. We are very grateful for the help they always give to the library.

The ceremony to dedicate the new Memorial bronze tablet was held on the library lawn in June and well attended.

Mrs. Martha Nelson reports money collected by her as follows:

Receipts	
Balance January 1, 1976	\$ 6.64
Fines	33.33
Gift	2.00
Total	\$ 41.97
Expenditures	
Postage	\$ 4.34
Supplies	5.38
P.O. Box Rent	4.50
Maintenance	16.00
Total	\$ 30.22
Balance on hand December 31, 1976	\$ 11.75

She has also reported a book circulation of 1102 for the year.

We are indebted to Peggy Pike for painting the library porch as well as seeing that the flags are displayed each day in front of the library.

The trustees would like to see many more residents using the library. It is open from 3 p.m. to 6 p.m. on Mondays, from 7 p.m. to 9 p.m. on Wednesdays, and from 9 a.m. until noon on Saturdays.

Elizabeth T. Nelson, Sec.-Treas.

REPORT OF THE FIRE DEPARTMENT

In 1976 the Fire Department answered 7 calls with 41 men responding. We were fortunate to obtain a Title IV matching funds grant of \$500 that was used for repairs and equipment.

Homeowner fire extinguisher training classes were held twice during the warm months. We are continuing our fire extinguisher sales program and if anyone desires information on home extinguishers or alarm systems (heat & smoke detectors) we are qualified to advise you of quality products available.

Your Fire Department is also qualified to advise you about wood stove installations. PLEASE, if in doubt, seek advice BEFORE you install a chimney, wood stove or other heating unit.

The Firemen's auction and other fund raising activities earned \$1,100 in 1976 for our equipment fund. We now have \$6,630.52 in the equipment fund.

My sincere thanks go to the firefighters and to all citizens and taxpayers of Goshen for their many hours of help and cooperation given to make the Goshen Fire Department a very effective service to the town.

Respectfully submitted,

Edwin Baker, Jr., Chief

The Fire Department is now asking the citizens of Goshen to purchase a new fire engine. I am fully aware that it is very expensive, just as I am aware that our pumper is getting older, (1942) and less reliable. Goshen is growing rapidly and the Fire Department must modernize to continue to serve you well. Fire equipment prices are increasing by 10% and more each year. A fire engine costing \$38,000 in 1977, will cost \$61,000 5 years from now and \$98,000 in 10 years if present inflation rates continue.

A low interest federal loan is available and will be a very wise investment for the town. Please feel free to call me for information about the new fire engine I am requesting as this is very important to all of us.

Sincerely,

Edwin Baker, Jr., Chief

REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Since its beginning in 1893, the State Forestry Department has recognized the fact that forest fire prevention and suppression is a joint state and town or city responsibility. Local authorities recommend names of persons to the State Forester, who appoints one person as town or city fire warden and several other persons as town or city deputy fire wardens to a three year term.

The local forest fire warden controls the kindling of all outside fires, when the ground is not covered with snow, by issuing a written permit for kindling a fire. Permits are only issued at such times and in such places as the fire warden deems as safe.

The State Forest Fire Service trains the local forest fire organization in modern forest fire prevention and suppression tactics. The State also provides backup personnel and equipment for suppression and prevention activities.

The combination of State and local forces has resulted in one of the smallest acreage loss due to forest fires in the United States for the past 20 years.

PLANNING BOARD REPORT

A large majority of residents of Goshen own their own homes - and have at least a modicum of land with these homesteads. Like residents of most other small towns in New Hampshire, they do not like restrictions placed on the use of either their house or the surrounding land. Your Planning Board members are all in the same category.

Planning board members, however, by the very nature of their job become aware of potential problems sooner than the general public, partly because of exposure to experience in other towns and partly because the continuity of membership alerts them to trends and potential problems somewhat sooner than the general public. They are also aware that changes will occur with or without town action (or inaction) and believe strongly that it is up to the town to control its own future, not outsiders with business or developmental objectives which on occasion have been known to completely ignore town wishes or objectives.

Part of the job of a Planning Board is to alert townspeople of potential problems; also to place alternatives before Town Meeting so that the townspeople can express their interest. Part of a Board's job is, through questionnaires and public hearings, to get a "feedback" from the public.

The questionnaire of two years ago had one basic reaction above all others: "while we do not want a complete halt in growth, we want it to come slowly enough to enable a retention of the basically rural characteristics of the town". The following two paragraphs contain some statistics which indicates that the decision is beginning to be taken out of our hands - that change is coming faster than we are reacting.

In 1967 the certified population of the town was 365. Five years later it was 459. Today it is 580 - and growing. During that time the appropriations on the town side of the budget doubled while Goshen's net share of the cooperative school budget more than tripled. The latter figure indicates that a greater portion of the families moving in are young (with children) as opposed to retired persons.

Coupled with these figures is the fact that actual or discussed subdivisions before the Board propose approximately seventy new home for the town; rumored subdivisions would add perhaps another thirty. Obviously more services will be demanded. Since the past history of fast-growing towns indicates that costs of services goes up faster than the new valuations created, it is very clear that existing properties in Goshen face higher taxes **unless** future growth is slow and steady.

The proposed amendments before you this year are basically to clarify ambiguous wording in the present code, wording which has given the Board of Adjustment some problems in making decisions as their caseload increases.

Two basic changes are being suggested, however: 1) shortening the non-conforming waiver of defunct businesses from two years to one year; and 2) bringing hotels, motels, guest houses, nursing homes and private schools under the code.

Since the majority of concerns at the two hearings on proposed changes revolved around a possible lot size increase to 3-acres, it was decided to defer action until another questionnaire can be circulated - a planned activity before the full code review which will occur during the coming year. Concerns expressed about excessive density and about building on marginal land can also be handled through future amendments to the sub-division regulations and in the dove-tailing of the codes with the new soils maps as part of that full code review.

Over thirty meetings, hearings and site visitations took place during the past year, with a dozen additional sub-committee meetings for some members. The Board wishes to thank the members of other town boards and commissions for their cooperation. Several citizens have also been very helpful in suggestions, discussions and research. It is hoped that any other citizen with concern about the town's future make said concern known at meetings and hearings. The regular monthly meeting is on the 1st Monday of the month and we stand willing to meet with any group upon due request. It has been a pleasure serving you.

PROPOSED CHANGES IN THE ZONING ORDINANCE

SECTION II. DEFINITIONS.

Add the following:

- G. "DISCONTINUED" shall mean the non-usage of a building or tract of land or combination thereof in the manner extant at the time of passage of the original ordinance or prior to the enactment of an amendment which might thereafter affect said building or tract.
- H. "SMALL DETACHED BUILDING" shall be any building not larger than one hundred (100) square feet.

SECTION III. DISTRICTING.

Substitute the following for existing wording in:

- E. "Homemade products and home-raised produce may be bought and sold and exposed for sale in this district. Off-highway parking may be required if the Selectmen deem it necessary."

Delete the following subsections:

- F, G, and H

SECTION V. COMMERCIAL EXCEPTIONS.

Renumber 3) under subsection B to become a separate subsection C)
Add a new subsection, numbered D, worded as follows:

“Any new commercial enterprise shall provide for each one square foot of building space three square feet of open space, and commercial building space shall be the sum total of all floors.”

Renumber present subsections C,D, and E to E,F, and G respectively.
Insert before the last sentence of original subsection D (hereafter F) the following new sentence:

“All permits terminate upon change of ownership.”

SECTION VI. NON-CONFORMING BUILDINGS, LAND OR USES.

Substitute the following for existing wording in:

- B. “Any and all non-conforming buildings, whether commercial or otherwise, may be altered but may not exceed the height limits as defined in Section III, C 4). Any proposed structural expansion that could not conform to provisions of the Zoning Ordinance shall require approval by the Board of Adjustment. In the case of undersized lots which may create hardship, the Board may reduce side and rear setbacks to not less than fifteen feet (15') from a lot line, providing however, that no structure shall be located closer than thirty-five feet (35') of an abuttor's building.”
- D. “Any present lots rendered undersized by this ordinance for building purposes may be exempted for a residential unit, providing however, that no building may be constructed within thirty-five feet (35') of an abuttor's building, or within fifty feet (50') of a highway right-of-way.”
- E. “A non-conforming use of a building or tract may not be changed to another nonconforming use. The discontinued use for more than one year of a non-conforming building or tract shall, before reactivation, require approval by the Board of Adjustment. Said approval may be withheld or restricted as though it were an application for a new commercial use.”
- F. “The Board of Adjustment shall have the right to place restrictions or conditions upon commercial approvals, if felt necessary to maintain the spirit and intent of the Zoning Ordinance.”

FINAL REPORT OF THE BICENTENNIAL CHAIRMAN

The Bicentennial Committee, with the memories of the outstanding parade and other activities of our very recent Goshen Bicentennial in mind, planned different projects for 1976. The public was invited to attend a planning meeting in 1975. All the plans made at that time have been carried out. The newly-decorated Town Hall interior, accomplished by enthusiastic volunteers, was a source of pride as each activity took place. In April of 1975, lanterns were set in the church steeple, as was done across the nation. In June, 1975, Goshen became the thirtieth bicentennial community in the state, and received its flag at an appropriate ceremony. In October 1975, the bicentennial queen and princess were chosen, and they participated in the bicentennial flea market in February, 1976. In May, nearly 150 townspeople signed the bicentennial scroll which was delivered to the nearest wagon train and transported to Valley Forge, where all the scrolls were microfilmed to be kept on file, and the originals sent back to their home states to be preserved. In June, the new bronze war memorial plaque was dedicated, the dedication followed by a band concert. The Historical Society entered a float in the Newport Bicentennial parade on July 3. On July 4 the church bell was rung at 2 o'clock, to join in the national recognition of Independence Day. In the evening of that day, a bicentennial candlelight service was held, followed by the serving of the special Betsey Ross cake. In October, on Old Home Day, pioneer heritage ribbons were presented to descendants of Goshen's early families at the dedication of the pioneer burying ground marker on the Province Road. In December, the Goshen History Supplement was ready for distribution. To finance the war memorial plaque, we applied for and received a grant of \$1000 from the NHARBC, which was matched by the \$500 voted by the town and \$500 from the Historical Society. All other activities and projects were funded by the Historical Society. The success of our several bicentennial activities and projects is due to the loyal and dedicated group which forms the Historical Society, which was appointed by the town to head up the participation of Goshen in the bicentennial observance. I wish to thank also the townspeople who responded graciously to every request for help. Special thanks should go to the Rev. Ronald G. Whitney for his aid in editing the history supplement material, and to Mr. Arthur W. Nelson for his untiring efforts in contacting a printer, and his many trips to supervise the work.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

NOTICE: POLLS OPEN FROM 4 - 9 P.M.

To the Inhabitants of the Goshen-Lempster School District, qualified to vote in District affairs:

You are hereby notified to meet at the Goshen-Lempster Cooperative School in Lempster on the nineteenth day of March 1977 at 4 o'clock p.m. to act upon Articles 1, 2, and 3, the meeting to be recessed and opened again at 7 o'clock p.m. to act upon the remaining Articles in the Warrant. (Articles 4 through 10.)

ARTICLE 1: To choose a Moderator for the ensuing year.

ARTICLE 2. To choose one Member of the School Board from Goshen for the ensuing five years.

ARTICLE 3. To choose an Auditor for the ensuing year.

ARTICLE 4. To hear reports of Auditors, Agents, Committees, or Officers chosen, and pass any vote relating thereto.

ARTICLE 5. To see if the District will vote to raise and appropriate the sum of \$226,922.00, as recommended by the School Board, for the support of schools, for the payment of salaries for School District Officials and Agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of available income estimated at \$6,944.00.

ARTICLE 6. To see if the District will vote to raise and appropriate the sum of \$4,500.00 as a deficiency appropriation to become available during the school year 1976-77 as a result of additional tuition students, and instruct the Clerk to issue a certificate therefor to the Selectmen of the towns of Goshen and Lempster.

ARTICLE 7. To see if the District will vote to raise and appropriate the sum of \$10,000.00 to cover the cost of salaries and equipment for a Physical Education teacher and program. (Inserted by Petition.)

ARTICLE 8. To see if the District will vote to authorize any unencumbered balance accruing June 30, 1977 be placed in a Capital Reserve Fund to be used for long-range building needs.

ARTICLE 9. To see if the District will authorize the School Board to appropriate receipts from Federal lunch reimbursements, tuition, gifts, and other receipts from miscellaneous sources, in addition to the original appropriation for 1977-78 for the school lunch program, general expenses, equipment, and improvements.

ARTICLE 10. To transact any other business that may legally come before this meeting.

Given under our hands at said Lempster this third day of March 1977.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of the Goshen-Lempster Cooperative Districts:

ENROLLMENT . . .

The present number of students totals 134 in Grades 1-8. The pupil-teacher ratio is satisfactory except in Grades 4 and 5 where the teaching load of 32 students in a two-grade set-up is larger than desired.

Seventy students are attending high school: **2** at Claremont, **6** at Sunapee, **1** at Stratton Mountain, and **61** at Newport. One student is attending the Claremont Vocational Rehabilitation Center and another the Special Class in Newport.

A budget deficit has been caused by an increase of six tuition students this year. This has made it necessary to ask for a deficiency appropriation of \$4,500 to cover expenses for the school year 1976-77.

PUPIL STATISTICS . . .

Increased enrollments have caused the School Board to take a look at the trend and try and predict the outlook for the future. School enrollment for the last five years may be of interest:

School Year	GRADES								Total Tuition Grand	
	1	2	3	4	5	6	7	8	Gr. 9-12	Total
1972-73	12	10	12	14	15	11	12	16	102	164
1973-74	12	13	12	15	15	20	13	16	116	177
1974-75	14	12	15	13	14	17	20	14	119	179
1975-76	13	15	11	20	15	18	17	24	133	186
1976-77	22	12	15	13	19	13	19	21	134	206

SCHOOL PLANNING . . .

The School Board has wisely decided to begin some long-range planning to be prepared if enrollment continues to climb in the next several years.

A review of the school plant and program was made by Douglas Brown, Building Consultant, and John Economopoulos, Director of Elementary Services, both from the New Hampshire Department of Education. The school presently has a "Conditionally Approved" status in light of deficiencies in Guidance, Physical Education, and Certified Librarian standards. They indicated that classroom space was reasonably adequate for current enrollments but space for supporting services was limited. It was generally agreed that a continued enrollment increase would result in a classroom shortage.

The School Board met recently with Selectmen from both Goshen and Lempster to lay plans for gathering information relative to long-range planning.

Ronald Purmort	Teaching Aide (Title I - Fed. Funded)

Part-time personnel are:

Alan Peterson	Music
Jeannette Struble	Art
Lisa Solbert	Learning Disabilities (Title I - Fed. Funded)

FINANCES . . .

Some mention of comparative school costs may be of interest:

Based on The 1975-76 school Year:

State Elementary Average	\$1,061 per pupil
Goshen-Lempster Elementary Average	\$ 715 per pupil

With 154 school districts in New Hampshire operating elementary schools, 145 had a higher per-pupil cost and 8 had a lower per-pupil cost in 1975-76.

HANDICAPPED CHILDREN ACT . . .

P.L. 94-142 guarantees a free appropriate public education to all handicapped children. Special education and related services must be provided at public expense in the regular school - if possible. If not, school districts are liable for the costs of placing a child in private facilities. An individualized education program must be provided for each child.

Goshen-Lempster has two handicapped students in out-of-district schools this year and has budgeted funds to provide for three additional next year. This represents a substantial dollar amount which the Budget will reflect.

BUDGET . . .

A need to budget for 14 more tuition students plus a substantial increase in tuition charges at each of the receiving high schools has caused a large increase in the 1977-78 Budget. Funds for a Special Education teacher are included to provide for handicapped students in a less expensive and more satisfactory manner than to pay tuition and transportation to a neighboring school district. Costs of other items reflect only normal increases.

WARRANT . . .

A Deficiency Article calls for \$4,500 to pay the cost this year caused by an additional six tuition students than were included in the 1976-77 Budget.

A Capital Reserve Fund is requested for any balance at the close of any school year. These funds would be earmarked to be used for future school building plans.

Inserted by petition, another Article asks for \$10,000 to establish a Physical Education program and employ a Physical Education teacher.

CONCLUSION . . .

The school program includes many educational projects and activities which are mentioned in the Report of the Head Teacher. Much credit is due the staff for their extra interest and concern in the welfare of the students.

John Bonfiglio replaced David Cronin, who resigned during the summer, as Head Teacher. I am pleased to report that Mr. Bonfiglio has been able to establish a good and reasonable working relationship with staff and students. I am sure this is appreciated by the School Board, Superintendent's Office, parents, and citizens.

Respectfully submitted,

Gordon B. Flint,
Superintendent of Schools

REPORT OF HEAD TEACHER

Winter and Spring of 1976 was a busy time at the Goshen-Lempster School. Mr. David Cronin, then principal, organized such activities as: assemblies conducted by 4-H exchange students who have been to various parts of the world; student participation in programs for the elderly at the Woodlawn Nursing Home; library related ventures to the Newport Public Library; an eighth grade educational field trip to Boston; softball games to be played against a neighboring school; the planning for and execution of graduation; and other wonderful activities for which our community is grateful.

The opening of the new school year found our staff partially changed with the replacement of Miss Ann Schroeder, fourth and fifth grade teacher, by Mrs. Kathleen Longnecker, who previously taught in Gorham, New Hampshire, and the replacement of Mr. David Cronin, sixth through eighth grade Social Studies and English teacher, by Mr. Stephan Harrison, employed last year by the Springfield School District. Those remaining from last year's staff are Mrs. Nancy Rickard, first grade; Miss Jan Bradeen, second and third grades; Mr. John Bonfiglio, sixth, seventh and eighth grade Math and Science; Mrs. Elizabeth Lohman, Library Aide; Mrs. Jan Struble, Art (one day per week); and Mr. Alan Peterson, Music (one day per week). Mr. and Mrs. Charles Newton, responsible for student transportation and building maintenance, and Mrs. Janie Miller, who provided us daily with well balanced meals, contribute to the rounding out of our daily activities.

Our federally funded Learning Disabilities Program under Title I, ESEA, was subject to a change in staff this fall as Mrs. Jean Walsh assumed the duties as Title I Coordinator with Supervisory Union 43. Miss Lisa Solbert is our new Learning Disabilities Instructor (shared with Newport), replacing Mrs. Therese Kramer. Miss Solbert comes to the Goshen-Lempster School once each week to test and work with individuals having learning problems. Mr. Ronald Purmort, our Learning Disabilities Aide remaining from last year's staff, works each day with our learning disabled students to help them overcome reading deficiencies; his efforts have been an indispensable asset to our scholastic function. Other related personnel who are new to us this year are Miss Snow Wakenman, our Remedial Reading instructor who comes to us twice weekly, and Mr. Keith Kendall, Home Visitor, who is available for home consultations.

Student health services are an important part of the school program. Mr. Thomas Maynard, representative of the Sullivan County Mental Health Clinic, meets with Mr. Alphonse Soucy, Teacher Consultant, and the teaching staff on a monthly basis to deal with any problems that might arise with individual students. Mrs. June Buck, our school nurse, visits the school periodically to conduct student examinations and consultations. These services are vital factors in creating a good social atmosphere within any school.

On the evening of November 3rd an Open House was held for the parents of students at the Goshen-Lempster School. The program began with an assembly of parents, students, school board members, administrative staff members, teaching staff, and P.T.C. members, at which student speakers and slides of daily school activities were presented. After the assembly, refreshments, appropriated by the P.T.C., were served, and parents visited with the teachers of their children in the respective classrooms where curriculum displays were exhibited. The large attendance was most encouraging, and the evening concluded with a feeling of satisfaction for all.

The individual efforts of the teaching staff, community members, and even the students themselves are important factors in making the school program click. All of those extras such as Mrs. Lohman's transporting students to other schools this past Fall to participate in book exhibitions and reviews, Mr. Peterson's entertaining Christmas assembly for and by the students, Mrs. Barbara Killoran's devotion of her valuable time as a volunteer sewing instructor, and the eighth grade's enterprises such as raffles and dances, not just for the fun but to raise money for their end of the year trip. These kinds of effort surely increase the quality of the school.

To better accommodate sixth, seventh and eighth grade student needs, our level capability program continued into the new school year with minor modifications. The crucial subject areas of Math and English were divided into four levels, providing for an advanced level beyond the usual eighth grade subject matter. Thus it is possible for a very capable eighth grade youngster to study English and Math at the ninth grade level, while an eighth grade student who has difficulty may study these areas at the seventh grade level. There is also individualization within each level. The program has been successful in eliminating frustrations within students forced to study at levels beyond them and has also been successful in providing opportunities for the very capable student. The success has been exemplified in the past two years by students leaving our school to attend the Newport High School with advanced standing and allowed to participate in tenth grade courses as ninth graders.

Strides toward progress in the Goshen-Lempster Cooperative School continue under the articulate direction of the School Board, the professional services of the Administrative Staff, the exuberant efforts of the teaching staff, and the enthusiasm of a community that understands its children's needs. May I congratulate them all.

Respectfully submitted,

John Bonfiglio, Head Teacher
